HE Conclusion of the Accommodation with Russia, only sticks upon the Recall of the Troops which our Court has sent to Finland; which the Ministry at Petersburg insists upon as a Condition *sine qua non*: But as it is alledg'd that they were sent by no less Autho-

than a Resolution of the last Dyet, no Resolution can be taken upon that Head till the States of Kingdom are assembled; so that it may be next still before this Accommodation is entirely considered. Mean time, it being pretended that so considerable a Reinforcement was only sent into Finland, to hinder Russia from intermeddling in the Affairs of the Kingdom, and particularly those of the Election when the Throne happens to be vacant; there is to be an Article in the Accommodation, whereby the Court of Petersburg is to give all the Security possible, that it will not interfere, either directly or indirectly, in the Domestic Affairs of this Kingdom; and, on the contrary, we are to oblig ourselves by another Article not to interpose in those of Russia.

Jeru, Aug 27. N. S. Our Government has nominated four Ambassadors Extraordinary to go and compliment the New Pope. We have Letters from Constantinople, which say, that the Alarm there is great, upon account of the Motions which the Sultan of Persia has directed to be made towards Erzerum and Babylon, that a General Revolt was expected every Day, for strangling the Kassar Aga of the Euphrates, and deposing the Grand Seigneur himself, in order to place his Brother Achmet to the Throne.

The Empress's Dowager gave him a Snuff-box of a White Stone, adorn'd with several large Brilliants very exquisitely set in Gold, with a fine pair of Sleeve Buttons of Brilliants. The Prince, on his Part, made considerable Presents to the Officers of the two Courts. He founder'd at Sea the 4th of July, being then about 237 Leagues Westward of the Lizard, in Lat. 47 Deg. N. Long. 22:43 W. from the Meridian of London, when the whole Company were spent with 20 Hours Pumping, and having 8 Feet Water in the Hold; but a Vessel appearing they made Signals of Distress, which stood for them, took them all on Board, and landed them at St. John's in Newfoundland the 13th of August. By the last French Mail there came Letters of the 25th Aug. N. Italian Money) to every one of the poor People then and there assembled, who were 50000 in Number, so that the Charity Money given upon that Occasion amounted to about 1000l. Sterling.

They write from Hamburg, that the King of Prussia has forbid the Officers of his Regiment of Guards to cane the Soldiers if they don't do their Duty, on pain of being cashier'd, and that he only

allows them to strike such Offenders with the flat Part of their Swords; which Order, is consistent with Humanity, cannot but inspire the Soldiers with Principles of Honour.

Extract of a Letter from Capt. Edward Ellis of the Swan, dated from St. Hellena Sep. 7.

"On Thursday the Wind came about to the Eastward and our Admiral made a Signal to sail, which we did and got about half way round the Island, but the Wind dying away we anchor'd; soon after the Wind came to the S. W. and we kept the Sea, and in the Night it blew hard, and dark; about 10 at Night the Admiral made a Signal to tack, and when I was putting about, a Ship before the Wind had like to run us down, she was not a Yard clear of us, and if we had struck we must have all perish'd directly. I believe abundance of Damage hath been done, for all the Night there were Signals of Distress, I hear the Morton Galley, Capt Preston, is run down, whether true or false I know not. The Cumberland, Capt. Oliver, came in without her Foremast. What other Damage is done I know not at present."

Admiralty-Office, August 1, 1740.  
**HIS** Majesty having been graciously pleased, by his  
Warrant under his Royal Sign Manual, dated the  
10th of June, 1733, to establish certain Rules and Orders  
for the better Government of the Charity for the Relief of  
poor Widows of Commission and Warrant Officers of the  
Royal Navy: These are to give Notice to all such Widows  
whose Husbands died on or since the 30th of August 1732,  
that Copies of the said Rules and Orders are lodged with  
the Commissioners of his Majesty's Navy at Chatham,  
Portsmouth, and Plymouth; as also with the Clerks of the  
Cheque at Deptford, Woolwich, and Sheerness; and with  
the Naval Officers at Harwich, Deal, and Kinsale; where  
they may be informed of all Particulars which entitle them  
to the Benefit of the said Charity, and receive the proper  
Certificates for that Purpose. But such Widows as live at  
too great a Distance from the Places above mentioned, may  
apply by Letter to Thomas Corbett, Esq; at the Admiralty  
Office, who will send them all necessary Information. And  
the Governors of the said Charity intending to distribute to  
the Widows of such Sea Officers who died before the 30th  
of August 1732, and whose Circumstances come within  
the Rules of the Establishment, their Share of the Bounty  
granted by Parliament; these are to give Notice of the  
same to all such Widows, that they may procure the proper  
Certificates and Affidavits, and send or bring them hither.  
And the Court of Assistants do hereby give Notice, that  
they will meet at this Office on Tuesday the 16th of Sep-  
tember next, at Eight o'Clock in the Morning, to receive  
the Claims of such Widows as shall be qualified according  
to the said Rules and Orders

**WHEREAS** the Corpse of Elizabeth  
Elliott, Daughter of Mrs. Elizabeth Elliott, of the  
Parish of St. George's Hanover Square, was carried to be buried  
in the Church-yard of the Parish of Farnborough, in the County  
of Kent, on Sunday July the 27th, 1740, and all the Fees de-  
manded were on Saturday the Day before paid, but when the  
Corpse was carried into the said Town of Farnborough, with a  
proper Certificate under the Hand of Mr. Job Jefferys, Sexton  
of the aforesaid Parish of St. George's Hanover Square, report-  
ing the Disease of which the said Elizabeth Elliott died; and to  
the Truth of which the said Jefferys has since made an Af-  
fidavit before a Coroner of the said County. The Rev. Mr.  
Oldfield, Curate of Farnborough, refused to bury the said  
Corpse, unless an extraordinary 6s 8d. was paid him, which,  
when refused, he, the said Curate, delay'd burying the said  
Corpse for above three Quarters of an Hour, saying, he did not  
know whether the said Corpse was not murdered, or whether  
she, the said Corpse, did not make away with herself, or whether  
there was any Thing in the Coffin or not. This Dispute  
caused a tumultuous Number of People to rise, who on Mon-  
day July the 28th, 1740. in the Day-time, did, in a riotous  
Manner, take up the said Corpse, open the Coffin, cut or take  
the Burial Sheet and Shroud, in which the said Corpse was  
buried; and after all the Satisfaction they thought fit to take,  
they put the aforesaid Corpse into the Grave, and covered it  
up; but upon several People of Farnborough finding them-  
selves under a Prosecution for their villainous Fact, Samuel  
Cooper and Thomas Stow, Churchwardens of the Parish of  
Farnborough aforesaid, in order to cover up this most unlawful  
Act, did call in the Coroner and his Inquest, and did, by vir-  
tue of the Coroner's Warrant, take up the said Corpse, and did  
view the same, and by Adjournment met at the George Inn  
in Farnborough, August 14, 1740. (as may be seen by the  
Mandate of the two Churchwardens in the London Evening Post  
of the above Date) The Coroner and his Inquest sat, and there  
did not appear the least Marks of Violence, but on the contrary it  
appeared by the Evidence of eight substantial Witnesses, that  
the Friends of the said Elizabeth Elliott brought, who proved  
the Nature of her Illness, and how she died; therefore they,  
with all their Endeavours, could find no other Verdict than that  
of a Natural Death.

Now this is to give Notice, that if any Person or Persons  
will discover who him, her, or they were, that dug up the  
Grave, open'd the Coffin, cut or tore the Burial Sheet and  
Shroud, on Monday July 28, 1740. in which the said Elizabeth  
Elliott was buried, so as he, she, or they be convicted thereof,  
shall receive as a Reward the Sum of Ten Pounds Ten Shil-  
lings, of Thomas Blicliff, Joyner, in Swallow-Street, St. James's.

**Concerning Gleet and Seminal Weaknesses**  
of all Kinds.

**ALL** judicious Physicians and Surgeons

allow, that nothing is more difficult to cure than  
Stubborn Gleet and Seminal Weaknesses, whether  
Strains, Pollution sui, or any other Cause whatever, so  
that they are dangerous in their Consequences, as well as  
difficult to cure, is as certain, since they exceedingly  
the Generative Faculties, in feeble the whole Nervous  
often bring on Hectic Fevers, a Tabes Dorsalis, or Consump-  
tion of the Back, or an Atrophy or Nervous Consumption,  
which frequently terminate in Death itself.

All such, therefore, who have the Misfortune to be  
with Old or Stubborn Gleet, Seminal Effusions, In-  
terinary Emissions, excessive Nocturnal Pollutions, or any  
Weakness of the Kidneys, Ureters, or Bladder, the Disor-  
der of the Urinary Passages, or Difficulty of holding the  
Incontinency of Urine, or Difficulty of holding the  
would doubtless be glad to meet with a certain, and  
speedy Cure, which they most assuredly may, by using  
only a small Quantity of a transcendent Balsamick  
RESTRICTIVE ELECTUARY, now published for a general  
after having for many Years been experienced, and  
fail perfectly curing the most Stubborn Gleet, in  
a few Days, without Difficulty or Trouble; and all  
other Weaknesses of the Back, Reins, Seminal Vessels,  
Urinary Passages, which almost instantly cures, leads  
to rights and restoring all those Parts and Passages to  
natural Tone and pristine Vigour, in a very extraordinary  
Manner, and by taking a few Doses of it only.

This transcendent BALSAMICK RESTRICTIVE ELECTUARY  
is neither disagreeable to take, nor occasions the least  
der, but is a wonderful Restorative in all Weakness and  
of Constitution of any Kind, and particularly Strengthen-  
Back, Reins, Seminal and Urinary Vessels to an immen-  
sity, inasmuch that in any Debility of them, one Dose  
does more than ten of any other Remedy yet found, and  
all Persons fatigued with Gleet or Seminal Weaknesses of  
Sort, or Weaknesses of the Urinary Vessels, who take it,  
in three Days time find it so very effectual, that they are  
most agreeably surprised at it.

When a Medicine will infallibly accomplish such a  
speedy and perfect Cure of such difficult Maladies, as  
Gleet and Seminal Weaknesses are, as this Great Remedy  
directly will, even after all other Means and Medicines  
been tried in vain; too much cannot be said in its  
All who ever took it for any of the above-mentioned  
Have readily declared.

The Price is but 6s. a Pot, altho' for its absolute Efficacy  
one Pot alone being sufficient in most Cases to accom-  
a Cure, worth ten times as much, and by the Author's  
special Appointment, is to be had only at Mr. Rastall's  
Toy-shop, at the Rose and Crown against St. Clements  
Church-Yard in the Strand, ready sealed up, with a Book of  
Instructions, which whoever carefully reads will per-  
fectly know, when the Gleet or Weakness he is afflicted  
succeeds a Venereal Injury, whether all the Malignity  
the Foul Disease is intirely eradicated or not.

Note, Ask only for a 6s. Pot of Balsamick Electuary.
